

## VALOR NORTH EXPANSION PROJECT

## INNOVATIVE FACILITIES FOR OUR K-12 COMMUNITY

### Give our scholars a complete educational experience from kindergarten through 12th grade.

Having two separate, yet connected, buildings on the Valor North Austin campus has been our vision from the beginning. The expanded campus will be a place filled with a vibrant school culture that fosters joy, respect, and deep engagement, where lifelong friendships are formed.

### The Problem

#### SPACE

Our existing building can accommodate up to 800 students. Assuming current enrollment trends, we will grow to 1,250 students and be out of space by Fall 2023.

#### UPPER SCHOOL

An Upper School wing for our 6th-12th graders will create a distinct space for older scholars while allowing them to belong to the same school and be on the same campus as their siblings.

#### ATHLETICS

The lack of a gym has made it challenging for families to participate in athletics. We also want to create beautiful spaces that encourage physical activity and foster a love for the outdoors.

#### GATHERINGS

Without a stage or space to host a performance, concert, or schoolwide assembly, we have not been able to gather as a community and foster the intentional culture central to Valor's vision.
